SEVERE INCIDENTS

Any incident that is considered severe will be handled using the Douglas County School District Code of Conduct.

ADMINISTRATIVE RIGHTS

Administrators have the right to make decisions based on their judgment and evidence for incidents where the student's intent has to be considered.

DETENTION

Detentions will be served on Wednesdays; the before school detention session is from 7:00 am – 8:00 am and the after school session is from 3:40 pm – 4:40 pm. Any student who is considered late for a session will have to serve an additional session. A student whose consequence is one session will serve that session in the morning. A student whose consequence is two sessions will serve the morning and afternoon sessions on the same day.

IN SCHOOL SUSPENSION

Students on in-school suspension will spend the day in an alternate classroom location inside the school. They can take tests the day of their suspension if applicable. Students may make-up missed work on their own; however, they will not receive extended time and will not be allowed to make-up work during the suspension. Students will not receive credit for class work that cannot reasonably be made up outside of class (for example, STEM work, simulations, labs, debates, or any in-class assignment requiring the student to be present for lecture, discussion, or assessment, etc.).

OUT OF SCHOOL SUSPENSION

Students on out-of-school suspension receive no credit for any assignments due during the time of the suspension. However, they will be allowed to make up tests.

DISCIPLINE OF HABITUALLY DISRUPTIVE STUDENTS

Any student who is suspended two times for a material and substantial disruption during any one school year while at school or on school grounds, at a school-sanctioned activity or event, or while being transported in a school-approved vehicle shall be subject to an individual remedial discipline plan developed in accordance with District Regulation JKC-R.
